MIG was founded in 2000 to provide a reporting venue for witnesses of unusual events. Many unusual events occur in Missouri each year, which are not reported and subsequently are not investigated. A goal of MIG is to have representatives in each of the 115 Missouri counties. This would create a reporting network of spotters who will be aware of what is happening in their areas and report current activity to the group. Director Barbara Becker.

If you are interested in participating in this effort, please email [ufomig@yahoo.com](mailto:ufomig@yahoo.com)

I represent MIG, the Missouri Investigators Group based in Columbia, Mo. <http://ufomig.yolasite.com>. We investigate UFO, Animal Mutilation, Bigfoot, Crop Circle and Abduction reports in Missouri and surrounding states. If anyone in Oregon County has experienced anything unusual, please contact me by email at [UFOMIG@yahoo.com](mailto:UFOMIG@yahoo.com) or go to our website and make a report. <http://ufomig.yolasite.com/online-report-form.php> all information will be kept confidential. Thank you, Barbara Becker

## Alien Abduction

The terms or abduction phenomenon describes "memories of being taken against one's will by apparently nonhuman entities, and subjected to complex physical and psychological procedures." People claiming to have been abducted are usually called "abductees" or "experiencers." Typical claims involve being subjected to a forced medical examination that emphasizes their reproductive system.

Abductees sometimes claim to have been warned against environmental abuse and the dangers of nuclear weapons. Consequently, while many of these purported encounters are described as terrifying, some have been viewed as pleasurable or transformative.

To report an abduction experience contact:

Headed by William Hood the Oklahoma UFO Research Group investigates and research's UFO activity and Cattle Mutilations in the State of Oklahoma.

They research both historical and present day cases presented to them. William has been investigating the phenomenon over twenty years and is a wealth of information and with a military and security background is well suited in the search for the truth.

Based in Pennsylvania with Independent Investigators and Researchers in a number of States reopening and reviewing unsolved cases in Ufology, Crypto Zoology and the Paranormal.

Cases of interest in progress include:

- The Todd Sees Case, Northumberland PA
- The Kecksburg Incident, Kecksburg PA
- The Brown Mountain Lights, Morganton, NC
- The Dyatlov Pass Incident, Dyatlov Pass, RU

After a review of the above cases there are many questions unanswered. Time lines, evidence, witness statements and investigators reports are but a few of the issues found that lead one to believe that all is not as it seems or has been reported.

If you have any pertinent information on any of the above cases contact [butch@paufoseach.com](mailto:butch@paufoseach.com)

### **NEWS FROM THE INSTITUTE OF FRONTIER SCIENCE**

The Institute Of Frontier Science gives a great opportunity for those who are writing or making reports in the field of Ufology, as well as seasoned researchers.

Its founder and leader is Steven S. Bass, who in addition to being the Founder and Director of the Institute is also well known and respected by everyone involved in the Ufology community.

"The Institute of Frontier Science is an elite fellowship of highly experienced and knowledgeable specialists in the scientific field of Ufology."

The Institute of Frontier Science offers people the chance to embark on the truths that lie within the UFO genre. IFS will also educate the uneducated on a subject that has been kept behind closed doors for much too long. The institute will take time to build, but already has the "Big Guns" in place. IFS is for the truth and nothing but. People are encouraged to join this great undertaking, for what I am sure will be a rewarding and educational venture into the science of Ufology.

### GHOST CAUGHT ON CAMERA?

Woman snaps photo of ghost on cell phone - and he's wearing a pink Seventies style suit.

Ghostly style: Marcella Davis only saw the apparition and his less visible female companion when her daughter showed her how to zoom in on her cell phone photos later the same day. (DM)

Is this another photo using the very popular "GhostCam" app?

## PENNSYLVANIA LEGENDS

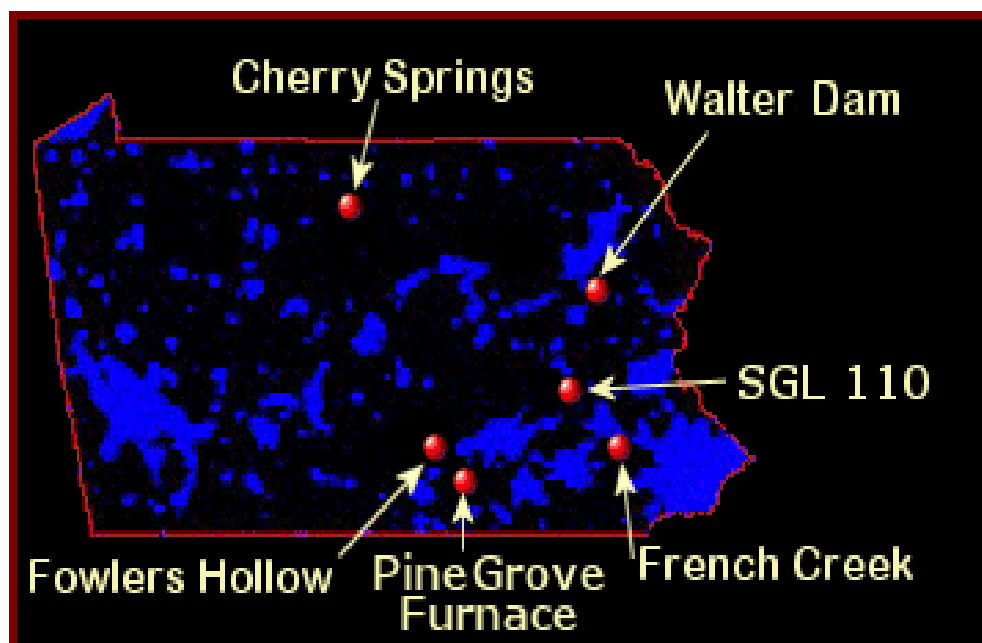

### Hoop Snakes

Now the Pennsylvania hoop snake is something to be reckoned with. It is long, and its colors vary. But everyone agrees that you can tell a hoop snake from a regular snake by the way it moves. When a hoop snake travels around, it grabs its tail (with the poison stinger on the end) in its mouth and rolls along until it sees something it wants to sting. Then it whips the stinger out of its mouth quick enough and lashes out with its tail.

A man was hoeing in his field when a hoop snake came rolling towards him. He ducked behind his hoe, figuring he was done for, but the snake's tail hit the hoe instead of him, and there it stuck. He ran and headed for home. He knew he had to wait until dusk to get his hoe. Hoop snakes that get into a scrap never die before sundown. The man went back after sundown, and the hoop snake was dead.

## **IN THE NEWS**

Taken from a current Bigfoot website advertisement.

A well-known University Professor states the following. **"The evidence is overwhelming, we have an UNKNOWN primate"** in regards to Bigfoot.

UFORCOP

**Really? Would you be kind enough to share all that overwhelming evidence with the rest of us? Since no one else has any.**

In the same advertisement a Western Pennsylvania Researcher claims the following. **"Finally we find the link between UFOs and Bigfoot"**

UFORCOP

**Wow! So that link you found has Bigfoot as an Alien and not an Unknown Primate as the good Professor above says?**

Sure does bring back memories of the old TV series Six Million Dollar Man and the Alien Bigfoot, Season 3, Episode 17 The Secret of Bigfoot.

Can't wait for this evidence to be presented and **proven**! We will also keep our readers advised of the alleged evidence in upcoming newsletters.

## **Citizen Hearing On Disclosure**

### **April 29 To May 3, 2013 – Washington, DC**

#### Ending the Truth Embargo

The collective efforts of Steve Bassett and the witnesses who gave their testimony at the Citizens Hearings in Washington, DC was the most important UFO event for Investigators and Researchers ever.

Researchers and Witnesses came together to show the world some of the evidence for the ET presence before former members of Congress. Only time will tell if the cause for Disclosure and ending the Truth Embargo moves forward.

The mainstream media coverage of the event was disappointing but expected.

#### **CHEM.-TRAILS? Or ROD'S?**

This spectacular image shows seagull's gliding through an Italian night sky. Taken with a long-exposure lens, the photograph's moving parts are blurred. Professional photographer Gabriel Bouys captured the moment. The seagull's flight paths are illuminated as a result of the amount of light that the camera lens has absorbed. (DM)

## OBITUARY

May 6, 2013.

Dr. Vladimir Rubtsov passed away at 63 years old... Dr. Rubtsov was the prime investigator and expert of the Tunguska Mystery for more than 35 years.

## NEAR MISS...

Pilots saw a blue and yellow object "loom ahead" as they made their final descent into the city on December 2 last year.

The UK Airprox Board, which investigates near misses, was unable to establish what the crew had seen. A report by the board said that the Airbus A320 was flying in clear skies above Baillieston just before 1pm when the incident occurred. The plane was at an altitude of 4,000ft when the pilot and co-pilot reported seeing the object about 100m away.

The report said: "The object passed directly beneath before either of the crew had time to take avoiding action or had 'really registered it', although they were both agreed that it appeared blue and yellow, or silver, in color with a small frontal area but that it was 'bigger than a balloon'."

The pilot estimated that the distance between the plane and the object had been 300ft and assessed the risk of collision as high.

He asked the controller at Glasgow Airport whether anything was being monitored at the time but was told that nothing had been seen on radar.
